

PIT FURNACE SYMPOSIUM | DÜSSELDORF GERMANY 2020

CALL FOR PAPERS

The Pit Furnace Symposium 2020 is a main event about pit furnaces and will take place from 26th to 27th March 2020. Bringing together designing & engineering, material science, maintenance and user...in a nutshell: anybody who is somehow involved in heat treatment using pit furnaces.

The 2-day conference will cover such topics as:

- High temperature corrosion
- Furnace engineering design and development
- Manufacturing of pit furnace fixtures
- Maintenance / safety technology
- Repair and troubleshooting
- Refractories and burner technologies
- Quality control in heat treatment processes
- Economic charging
- Alloy design
- Process and quenching technology

The symposium will be bilingual (German / English) and will be translated simultaneously.

Please submit your abstract by November 15th 2019 latest using info@lohmann-conference.com. You will be notified for acceptance by December 30th 2019. Further information you will find under www.lohmann-conference.com!

THE FULL PAPER SHOULD BE SUBMITTED BY JANUARY 31ST 2020 TO ENSURE, IT WILL BE INCLUDED IN THE CONFERENCE PROCEEDINGS.
